

△ OPEN-DECK CONSTRUCTION

# TRAIL KING

# TKHT

HYDRAULIC TAIL

### Zinc-Coated Hinge

Upper deck ramp hinge now bolted in and zinc coated.

## STANDARD FEATURES

### Front Access Panel

Front access panel offers easy access for hydraulic, air, and electrical lines. The zinc-coated panel may be opened for internal maintenance by removing four bolts.

### Simplified Operation

Lighted, push/pull hydraulic controls (on both sides of neck) and remote (winch only). Optional full function remote (shown) offers 2-speed operation. Slow speed function improves maneuverability.

### Upper Deck Ramp

10' hydraulic, recessed ramp at an 11 degree load angle. A locking mechanism ensures that the upper deck ramp stays in place during loading.

### Winch, Roller & Skid Plate

20,000-lb. winch & 9/16" cable with winch guard and 80' cable with locking safety hook. A skid plate is standard, or opt for a roller (right).

### Side-Access Toolboxes

Two side-access toolboxes at front of upper deck with chrome T-handles and aluminum floor for corrosion resistance. Option for top access with gas shock and/or interior lighting.

### Aluminum Valve Cover

Protective panel on the underside of the gooseneck shields hydraulic valving.

# **TRAIL KING** **HYDRAULIC TAIL**

## **LOW LOAD ANGLE** **LOW MAINTENANCE** **HIGH PERFORMANCE**

Reduced load angle (12.5 degrees), improved weight distribution and a redesigned tail make the Trail King Hydraulic Tail your go-to choice. Featuring wider track axles as standard, loading and hauling has never been safer or simpler. The HT offers the most scalability while maintaining dependable load-hauling strength and durability. The TKHT is as light as possible, without sacrificing the rugged strength Trail King is known for.

### **Popular Options**

- Top access toolbox with gas shocks & lighting
- Additional light packages
- Work light packages
- Side access steps
- Tie-down packages
- RTAC compliant (custom only)

#LOOKFORTHETRIANGLES

@trailkingind

## Increased Usable Deck

Better weight distribution with increased kingpin distance to last axle.

## LOOKING FOR MORE?

Navigate to [www.trailking.com](http://www.trailking.com), and click on the SOLUTIONS tab. Each product page includes specifications, video, literature, images, services information and our official color card.

## Increased Stability

Wider track axles (additional 9")

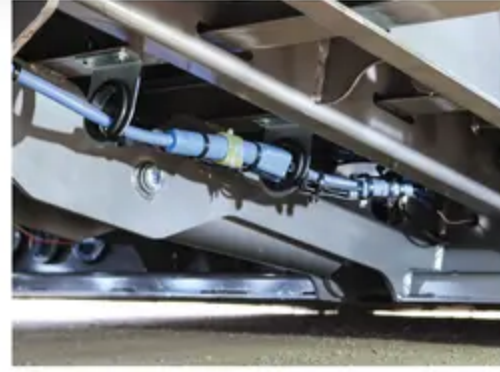

## Protected Lines & Electrical

Steel lines under the deck, & JIC fittings & O-ring seals at connection points. Rubber-mounted, shock-proof sealed lights and rubber grommets.

## Flip Tail Lock

Integrated flip tail lock prevents the tail from settling to the ground, even in the event of hydraulic failure.

## Ground Clearance

Flip tail linkage bracket and pin have increased ground clearance in loading position.

## Stainless Tail Hinge

Heavy-duty, stainless pins.

## H-bar Transport Lock

One function, integrated, air-operated H-bar assembly and fold under lock provide simple tail operation.

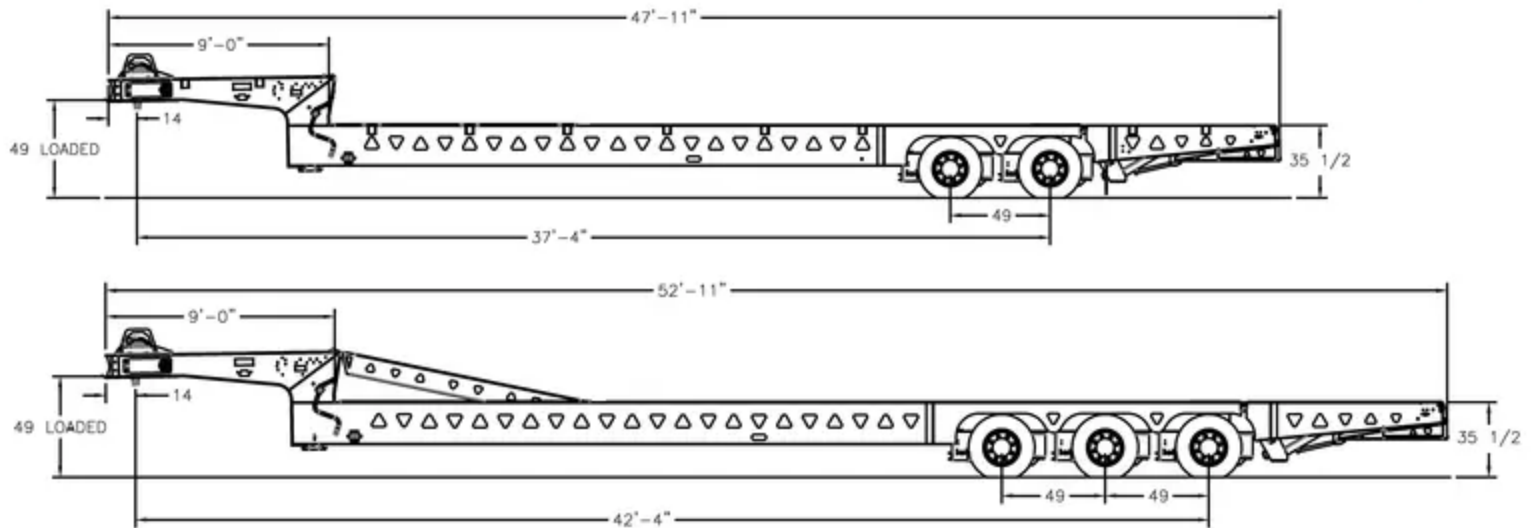

## Reinforced Approach Plate

Two outside beams provide extra strength during loading. The 12 inside beams support the approach plate, providing durability and longevity.

# SIMPLE OPERATION, LOW MAINTENANCE PERFORMANCE

As light as possible, and stronger than ever.

## TK80HT STANDARD EQUIPMENT:

- Capacity: 80K lbs. uniform / 50K lbs. in 10 ft.
- 47' 11" overall length, 102" wide, 49" loaded 5th wheel height
- 14" kingpin setting with 88" swing clearance
- 1/4" floor plate over wheels w/ last 2' Star Traction over 1/4" smooth steel
- Star Traction over 10 ga. smooth steel on deck and fold-under
- 20,000 lb. hydraulic winch with level wind (mounted above kingpin)
- Winch guard
- Wireless remote for winch (1 function, 2 buttons)
- 80' winch cable with locking safety hook
- 10' hydraulic recessed upper deck ramp with ramp locks (11 degrees)
- 12'2" hydraulic tail, 8' main tail with 52" fold-under, 12.5 degree load angle with 245/70R 17.5 tires
- Tail raises to 58" dock height & lowers to the ground
- Heavy duty I-beam style tail hinge beam
- Twelve vertical supports inside fold under
- 1 3/8" (NET) apitong decking (deck/upper deck ramp)
